

## Episode 111: Guest bio

**Episode name:** The Digital Assistant Paradigm: The Future of AI Digital Assistants in Legal Practice Management

**Guest(s):** Jack Newton

**JACK NEWTON**

**Founder, Clio**

Jack Newton is the Chief Executive Officer and Founder of Clio, a company revolutionizing the legal experience through cloud-based and client-centered legal technology. With foundations in AI and machine learning research early in his career, Jack Newton has been at the forefront of leveraging advanced technologies to transform the legal industry.

Recognized as a pioneer in cloud-based legal technology, Jack Newton has led the charge in educating the legal community about the security, ethics, privacy considerations, and advantages of operating a law firm in the cloud. Through his visionary leadership, Clio has significantly improved the lives and businesses of lawyers, while simultaneously increasing accessibility and equity in legal services through cloud-based and client-centered technology.

Jack is also an accomplished author. His bestselling book, *The Client-Centered Law Firm*, guides law firms to thrive in today's experience-driven era. His insights and thought leadership have been instrumental in shaping the future of the legal profession.

Follow Jack Newton for his timely commentary on technology, the legal industry, and the future of the profession.

## DAVID TURNER

## Host

David Turner has a gift for teasing out people's stories, so it's no wonder he is Hearsay's host.

When he isn't interviewing people on Hearsay, David is the co-founder and Head of Operations at Lext Australia, an Australian legal technology start-up (and Hearsay's parent company). Prior to founding Lext, he practised as a barrister at the NSW Bar, and as a solicitor in law firms large and small. David is a former President of NSW Young Lawyers and a former Councillor of the Law Society of NSW. In addition to his LLB, David has completed his MBA at UNSW's Graduate School of Management.

David spends the little downtime that he has left tinkering on home improvement projects and working on computer programming projects.

You can access David's bio on the Assured Legal Solutions website [here](#).
