

Episode 98: Guest bio

Episode name: The Patent Predicament: Recognise or Relegate AI Patent Inventors?

Guest(s): Alana Hannah

ALANA HANNAH

Associate, FB Rice

Alana has experience in drafting and prosecuting patents and designs across a broad range of technology fields including physics, photonics, and software technologies, specialising in defence and security, data processing, mining, quantum computing and photonics technologies.

She holds technical qualifications in the fields of physics and cyber security. Alana provides a detail-oriented and analytical approach to her work, and is skilled at assisting clients with managing global patent and design portfolios. Alana was recognised as an MIP Rising Star in 2022.

DAVID TURNER

Host

David Turner has a gift for teasing out people's stories, so it's no wonder he is Hearsay's host. With a double Bachelor of Arts and Laws from Macquarie University, he is also an MBA candidate at UNSW's Australian Graduate School of Management.

When he isn't interviewing people on Hearsay, David is a lawyer at Assured Legal Solutions, a boutique financial services law firm located in Sydney's CBD. Prior to joining Assured, he was called to the NSW Bar, and is a former President of NSW Young Lawyers and a former Councillor of the Law Society of NSW.

David spends the little downtime that he has left reading historical fiction and tinkering on home improvement projects.

You can access David's bio on the Assured Legal Solutions website [here](#).
